

Consulting Services

We enable you to create and implement effective, sustainable coaching solutions that address your business, people and performance agenda.

Our extensive experience and continuous programme of research gives us a real insight and solid understanding of what coaching solutions genuinely work and what do not.

With this knowledge we are able to provide our clients with the best advice to enable them to select the most effective coaching solution for the challenges they face.

Our Consultancy covers:

- *Advice and Guidance* – on how to utilise coaching as a development and change methodology to support a variety of interventions to improve organisational, team and individual performance
- *Creation of Coaching Networks* - whether they be internal or external networks our consultants will provide you with a clear understanding of how to set up, manage and then sustain a Coaching Network
- *Evaluation and Auditing* – proven tools that provide insightful data to ensure the most appropriate decisions are made and return on investment is measured
- *Education and Engagement* – to ensure coaching is understood and bought into by all stakeholders within your organisation

Benefits include:

- Effective and efficient use of resources in your organisation
- Relevant and focused coaching solutions that meet your specific needs and business requirements
- Best practice and leading edge thinking
- Avoidance and prevention of pitfalls while planning and implementing coaching solutions
- Increased coaching insights leading to more intelligent solutions
- Data and insights into what is and is not working
- Guidance on the best use of your budget, time and effort
